ce.htm.

STATUS: Open to the public, limited only by the number of phone lines available.

PURPOSE: The committee provides advice and guidance to the Secretary, HHS; the Assistant Secretary for Health; and the Director, CDC, regarding the formative research, development, implementation and evaluation of evidence-based activities designed to prevent breast cancer (particularly among those at heightened risk) and promote the early detection and support of young women who develop the disease. The advice provided by the Committee will assist in ensuring scientific quality, timeliness, utility,

and dissemination of credible appropriate messages and resource materials.

MATTERS TO BE DISCUSSED: The agenda will include discussions on approaches to increase awareness of clinicians/practitioners regarding topics such as breast health, symptoms, diagnosis, and treatment of breast cancer in young women; and information needs and delivery mechanisms for women at higher risks for developing breast cancer. These discussions will be directed toward the final review and approval of formal recommendations on these topics.

Agenda items are subject to change as priorities dictate.
